

Preserving the Power of Scotch Cap Genetics

24TH ANNUAL PRODUCTION SALE

Wednesday, **February 14**, 2024

1:00 PM (CST) Bull Center - Clarkson, Nebraska

At Jindra Angus we have stayed the course and continue to produce the same venue of high performance cattle. Our herd is influenced by genetics from many great Angus programs, but our gene pool grows most heartily from Scotch Cap genetics. The commitment to these genetics is consistent over time, and far more intricate than following fads or using popular sires.

Fellow Cattlemen,

Welcome to the Jindra Angus 24th Annual Production Sale. As we enter 2024, optimism for the beef business is high as we have seen fed cattle and market cattle prices reach new levels. With reduced cattle inventories across the country and strong demand for high quality beef, the fundamentals look very positive for all sectors of the beef business! It's an exciting outlook right now, and we are grateful to be involved with so many of you in this great industry. In a challenging year, it has been great to visit with so many of you on your successes over the past year with our genetics. Some highlights have included above average conception and great breed up, genetics standing out in severe weather elements/situations, above average performance, top prices and weights at the sale barn, and higher profit levels at harvest along with carcass grades that continue to go ever higher.

This year's offering includes a great variety of balanced genetics from breed leading sires and our powerful cow base with the strength to excel in all areas. I am confident that if you have particular needs, we can find the right genetics to help you accomplish your goals. We stand behind the cattle, so do not hesitate to let me know if you have any concerns or need anything at all. An abundance of challenging weather left us short on time to include individual foot notes on the bulls this year, but the data and development is thorough and they are certainly one of our most complete and powerful groups to date that I would sure like to visit and discuss with you. We look forward to your evaluation of them and hope you will have a chance to look them over along with a fancy set of replacement heifers. We look forward to seeing you on or before sale day February 14! Make it a Valentine's Day Date if you can!!

Nick

SIGHT-UNSEEN SATISFACTION GUARANTEE

Buyers unable to attend the sale may contact any of the listed references for help in placing their bids. Bids may be taken on the phone during the sale if enough phone lines are available, but that cannot be guaranteed. All bids left are held in confidentiality and purchases are guaranteed to meet your expectations. Let Nick know if you have any questions. 402-920-3171

TERMS AND CONDITIONS

Jindra Angus does not assume any liability in case of an accident. All cattle will sell under the terms and conditions recommended by the American Angus Association.

VIEWING THE SALE AND BIDDING ONLINE

The sale will be broadcast this year exclusively on DVAuction so please log on ahead to register at www.DVAuction.com. You will be able to watch and bid in real time from this site if you are unable to make it to the sale.

VIEWING THE CATTLE AHEAD OF THE SALE

Videos of the cattle can be viewed at www.DVAuction.com in the video catalog section ahead of the sale. Look for any updates on our website www.jindraangus.com or call Nick at 402-920-3171.

HEALTH PROGRAM

All cattle have been preconditioned and vaccinated again at weaning time with IBR, BVD, BRSV, PI3, 7 way and pasteurella. They were poured and dewormed in the fall and again in February. The bulls will be semen evaluated and vaccinated with Vibrio Lepto. The heifers were bangs vaccinated and have also been vaccinated with Vibrio Lepto.

DATA

Please note that fall bulls are listed intermittently with the spring bulls under the proper sire group. Data for weights and ultrasound were collected under different conditions so do not compare spring bull data directly with the fall bull data. EPDs are current as of 1/17/24.

SUPPLEMENTAL DATA

Ultrasound and updated data will be available on a supplement sheet on our website prior to the sale and available at the sale on sale day.

FIRST BREEDING SEASON GUARANTEE

Bulls are guaranteed against breeding injury for the first breeding season which is defined as the 90-day period following the first turnout of the bulls. In the event that an injury occurs please notify the seller as soon as possible to coordinate appropriate action.

RETAINED INTEREST AND SALE ORDER

Jindra Angus will retain 1/3 semen revenue sharing interest in all of the bulls in this sale unless otherwise stated. The buyer has full possession and salvage value of the bull at the end of his useful life. Any further semen interests or flushing rights will be announced sale day. All announcements take precedence over printed material in this catalog. A sale order will be posted online ahead of the sale.

DELIVERY & TRUCKING DISCOUNT

Bulls will be wintered at no charge and delivery will begin in March. Bulls picked up within a week of the sale will receive a \$50/head discount.

THE 24TH ANNUAL PRODUCTION SALE!

Dear Cattlemen,

The 24th Annual Production Sale for Jindra Angus in 2024, brings forth a new dimension of performance Angus stacked upon multiple generations of progress. Through all phases of the market, the extra pounds and performance that you expect from Jindra Angus bulls creates exponential value in their progeny. Rich in the best of Hoff Scotch Cap breeding, this program is designed to add growth and performance to the bottom line. In recent years, outcross blood has been added to further assist customer needs. The Jindra prefix assures the genetic potency to consistently transmit more pounds and gain ability. A constant that continues to remain in the beef cattle industry regardless of price level is that cattle are sold by the pound. The reality is that cattlemen who are able to sell more product at weaning and yearling time, or as finished cattle, make more money, and with those factors in mind, performance continues to prevail.

This sale offering includes 163 registered Angus bulls plus 32 registered Angus heifers. An excellent selection of high quality individuals sell in both divisions. Featured sires include Jindra Assurance, Jindra Superior, Hoffman Thedford, KCF Bennett Exponential, Smith Valley Gratitude, Sterling Pacific 904, Tehama Tahoe B767, Jindra Strategy, Hoover No Doubt, Jindra Cutting Edge, Jindra Megahit, Connealy Bohannon, Jindra Xpansion, Connealy Gaurdrail, Williams Hollywood, Connealy Clarity and Hoff Blockbuster SC 929 1612.

Nick Jindra has diligently carried forward the best of Hoff Scotch genetics. Unlike any other herd today, Hoff Scotch Cap genetics are

found here in the same full concentration as they were in Bison, South Dakota, where commercial and registered cattlemen from around the world would annually pilgrimage. Now, years gone by since the final Hoff Scotch Cap Dispersal, it is rare if not impossible to find the degree of full blood Hoff Scotch Cap genetics, preserved and enhanced, as in the Jindra program. Valuable outcross alternatives are available here.

If your program doesn't already include Jindra bulls, it is not too late to get started capturing the benefits, and if you have been an ongoing customer, you already know the advantage of stacking generations of Jindra genetics. Nick knows the beef industry through his first hand involvement in the production of breeding stock, a commercial cowherd and the feedlot segment. You can be assured that your individual goals and concerns are clearly identified.

It is a pleasure and privilege to work with Nick Jindra and his family in the presentation of his powerful Angus bulls and females. Please don't hesitate to call us at the American Angus Hall of Fame if we can be of assistance in any way. We are here to serve.

Sincerely,

Tom Burke

Kurt Schaff

When seeking the combination of good phenotype along with chart-topping numbers, Hollywood is an outcross sire that caught our attention! He offers extra length of spine, big foot and bone, and powerful muscle expression. His progeny are stamped with a sharp look and are very powerfully made for a sire with his extreme number profile. Use his sons to improve phenotype and performance while maintaining frame size.

The Tahoe progeny are popular and are very well rounded. We like his sons to add calving ease without sacrificing too much growth and power.

Assurance was the feature and high seller of our 2021 sale where he stood apart in terms of his stellar phenotype and stature. He represents the most prolific individual out of 2 large flushes, combining the power of No Doubt with the top maternal quality of Acclaim's dam to be one of the very best beef bulls you can find in the industry. His son's are well made beef bulls that cover all the bases. His first daughters in production are amazing, good females with immaculate mothering ability, great udders and phenotype!

The Thedfords are masculine, long made beef bulls with a great number package. He offers a very powerful set of bulls here this year headlined by a tremendous flush out of the prolific 2164 Rachel donor. Use these sons for performance and phenotype with great maternal backing.

 Woodhill Evergreen 84M-R53

Domain was a feature as perhaps the stoutest individual in the 2019 Woodhill Sale where he stood apart as a favorite 1682 son. His progeny are very thick and deep made with easy fleshing ability and great dispositions. His daughters look to make tremendous females with high maternal quality. Semen is limited.

Colonel is well known for his good phenotype progeny that have worked well across the nation. He offers some top notch sons here from the ET division out of the now deceased Hoff Rachel 405H donor and the 4168 Double Vision donor. A great chance to imprint thickness, power, and maternal strength into your cow herd!

Superior was a standout in the 2019 sale where he was the high seller to Macholan Angus, Linwood, NE and Select Sires. He is a real Beef Bull with progeny that offer modest birth weights with explosive growth, and have a meaty, easy made look. They look to carry on the tradition of Scotch Cap genetics to maintain flesh well, perform, and feed out with high carcass quality and marketing flexibility. His daughters are exciting young females with tremendous production ability! Superior is deceased and semen is very limited.

2288 is a powerful Premium Blend grand son that exhibits tremendous stature with a bold hip and top in his phenotype along with the tremendous foot and leg quality that comes standard from these genetics. His well made dam is a broody, wide based female with a perfect phenotype and she never misses!

Open Road has been used by us heavily as a top tier calving ease sire. He is an impeccable Trailblazer son with excellent foot and structure. His structure is amazingly good and he stamps his progeny with the same great pattern and design. His dam is a functional, well made 10-year-old Double Vision dam that never misses a beat!

Bohannon is an ABS sire we liked as an outcross sire. Use his sons as good, stout herd bulls to keep numbers and growth in check while adding some maternal outcross genetics.

Exponential is a proven Bomber son from the ST lineup that has done very well adding growth and carcass quality to his progeny. Look for his sons to be long sided beef bulls with more ribeye and some stretch.

Cutting Edge is a really sharp and stout made Colonel son we used as an outcross. His length of body, balanced muscle expression, and strong indexes along with the powerful cow family behind him make him a powerful sire. His progeny have the added length and performance of the traditional Hoff Scotch Cap Genetics.

Strategy was a phenotypic standout in his sire group and a son sure to surpass his sire in terms of popularity and usefulness among customers and cattlemen. He is definitely a go to sire for us with an absolutely flawless phenotype and profile in our herd sire battery. Strategy sons are good footed and easy moving with great muscle expression. His youthy and vibrant Pathfinder dam never misses with a great production record. Use his sons to improve phenotype and most all traits in your herd!
